## New Mold Law

Sierra Construction is pleased to announce that Lazaro Herrada, Guy Shipman, Gary Stritt and Pam Vopper have each received a Mold Remediation License through the State of Florida's Department of Business & Professional Regulation. Congratulations are in order!

Under the new Florida Mold Licensing law, effective July 1, 2011, all mold remediators must be licensed and carry a minimum \$1,000,000 liability insurance specific to remediation. To learn more about the new Florida Mold Licensing Law please visit <http://www.myfloridalicense.com/dbpr/pro/mold/index.html>.

Mold is a serious concern in Florida. It climbs up walls, invades carpets and contaminates drywall, resulting in significant property damage and is a dangerous health hazard. If you suspect that you have a mold issue in your home or business, call Sierra today!

**Common Molds Found in Florida**

Sierra Construction & Restoration specializes in remediation and restoration services associated with mold, asbestos, fire, wind, water, hurricane, defective drywall and sinkhole damage. Please contact us 24 hours, 7 days a week to help you recover from your catastrophe or loss.
