Paul J. Sierra Construction, Inc. recently celebrated the completion of St. Giles Manor II! The HUD-funded project is an income-based facility for senior citizens aged 62 and over. The new complex consists of three buildings; a 1-story, a 4-story, and a 6-story, which are connected by a covered walkway. The 1-story building houses a community recreational center with a food serving/dining area. The 88-units are located in the other two buildings in scenic Pinellas Park.
